Disclosure of Support Statement (DSS).

By James Lipuma , Cristo Leon

Last reviewed: 05/21/2023

Overview

The intent of this disclosure is to provide transparency about the support received and give credit to those who assist you to complete your work.

Support to identify

1. Human Support

1.1 Did you seek help or support from other humans to complete this task:

- Professor
- Peers/classmates
- Friends
- Family
- Librarian
- Tutor/writing center staff
- Outside consultant/Expert/Paid professional

1.2. If you accessed support from any of these sources, please identify each separately and note the type and extent of the support received and, for example, contact the professor for clarification. For instance, on one item, I worked with a writing center tutor on grammar for the paper, consulted the librarian on critical points of summarizing the article, and asked them to review the final product.

2. Software Support

2.1 What software help and support did you receive?

- Searching
- Spelling, grammar, syntax proofing
- Vocabulary, word choice, and diction improvement
- Paraphrasing
- Automatic citing
- Editing of content
- Revising and reformatting
- Content generation
- Translation
- Ideation

- Collaboration

2.2 If you accessed support from any of these sources, please identify each separately and note the type and extent of the support received. For example: you used Grammarly to spell check your work, or you used ChatGPT to create content, or Jasper to revise and edit your work.

3. Other support

3.1 Are there other sources of content, authority, and/or support you incorporated into this work beyond what is cited in the work (in-text and reference page) and in the disclosure listed above?

3.2 Additional comments
