This Syllabus is brought to you for free and open access by the NJIT Syllabi at Digital Commons @ NJIT. It has been accepted for inclusion in Informatics Syllabi by an authorized administrator of Digital Commons @ NJIT. For more information, please contact digitalcommons@njit.edu.

General Course Info:

Course Name: IT330

Course Section: 103

Contact Information: kapopp@njit.edu

Office Hours: Thursdays 5:00pm – 6:00pm

- **NOTE:** Any office hour appointments should be scheduled 24 hours in advance, so that the professor has adequate time to reserve a meeting space.

Course Information: Thursdays 6:00pm – 8:50pm

Course Web Site: <http://moodle.njit.edu>

CLASS DATES: September 05, 2019 – December 19, 2019

MIDTERM (25%): October 21-25, 2019, online, via Moodle (Time Allowed: 1.5 hrs)

FINAL EXAM (25%): December 16-19, 2019, online, via Moodle (Time Allowed: 1.5 hrs)

ATTENDANCE, PREPARATION, & PARTICIPATION (50%) (see requirements below)

Class Attendance

It is imperative that students attend class, as a majority of the course involves hands-on learning activities. Therefore, students are allowed to miss one class without a legitimate documented excuse (i.e. Doctor Note, Bereavement, etc.). Any additional absences will require a documented excuse.

Class Preparation

In order to participate in the hands-on learning activities, students will need to prepare their computer systems prior to class. Each week, I will release the lab requirements (installation of software, downloading of evidence files, etc.). The lab preparation **MUST** be performed **PRIOR** to the start of class.

Class Participation

Participation in this class consists of completing all in-class lab assignments as well as the group registry forensics project. Prior to the completion of each class, students will be required to submit Professor specified evidence indicating that they completed the in-class lab assignments. This submission must occur prior to students leaving class. Any submissions received after 9:00pm will not be counted. This evidence submission will also serve as a method for validating attendance.

Late assignments will NOT be accepted!
