## BIOLOGY644-001: PHYSIOLOGICAL MECHANISMS

<b>INSTRUCTOR:</b>	Dr. John Yarotsky, PhD	<b>EMAIL:</b>	yarotsky@njit.edu
<b>OFFICE:</b>	CKB 340C	<b>OFFICE HOURS:</b>	Thurs 3-6
<b>COURSE SCHEDULE:</b>	Tues & Thurs 1-2:30 FMH 108	<b>COURSE WEBSITE:</b>	NJIT Canvas Page

**COURSE DESCRIPTION:** This course will utilize clinical (pathological) case studies to reinforce and extend physiological knowledge, providing students a strong basis for future studies in biomedical and health related fields.

**OBJECTIVES:** (1) To provide the student with the ability to apply their knowledge of human physiology to complex pathological scenarios. (2) To improve the ability of students to apply basic science knowledge to real world situations. (3) To improve students critical thinking and presentation skills.

**PREREQUISITES:** Mammalian Physiology (BIOL 340), or may be taken concurrently with permission of instructor.

**INSTRUCTIONAL MATERIALS:**

All materials for this course will be obtained from open internet sources and will be provided by the instructor. Canvas will be used for class management and administration of assignments. Sources that will be used include: Pubmed. <https://pubmed.ncbi.nlm.nih.gov/>

National Center for Case Study Teaching in Science (NCCSTS) <https://sciencecases.lib.buffalo.edu/>

**SUPPLEMENTAL MATERIALS:** Any additional materials required for class (case study's, primary literature, etc) would either be provided through Canvas (UCID required), handed out in class, or via web link.

**REASONABLE ACCOMMODATION:** If you have a special need that may require an accommodation or assistance, please inform me of that fact as soon as possible and no later than the end of the second class meeting. Students with disabilities who require accommodations must contact Dr. Phyllis Bolling, Center for Counseling and Psychological Services (C-CAPS), Campbell Hall, (entry level), room 205, (973) 596-3420.

## BIOLOGY 644-002: PHYSIOLOGICAL MECHANISMS

**CLASS ATTENDANCE IS REQUIRED:** Attendance will be taken, and attendance is included in the course grade. This class is not a traditional lecture-based course. In class discussions of clinical studies & primary research articles contribute a significant portion of your grade.

### MAKE-UP POLICY:

- Assignments:** There are no make-ups for in class assignments **EXCEPT** for a written excused absence. Homework assignments will be posted on Canvas, and are a student's responsibility to check for. In order for an absence to be excused, students must contact the Office of the Dean of Student Affairs as soon as possible, following their knowing that they will be missing a class. For example: This means if you wake up in the morning and are too ill to come to class, you should email them immediately. Arrangements can then be made by that office. Documentation of your absence should then be provided to the Office of the Dean of Student Affairs (Doctors note, court notice etc...). Under no circumstances are you to contact the instructor or provide them with details of the reason you missed class or an assignment. It is your right to keep that information private and should only be detailed to the Office of the Dean of Student Affairs.
- Late Work:** Assignments are due at the beginning of the class as outlined in their descriptions syllabus. If you must be absent on the day work is due, it is your responsibility to turn it in early or make arrangements for someone else to turn it in on the due date. Other possibilities include submitting electronically version via email. Unexcused late work will receive a 10% penalty for every day late.

### HINTS/TIPS:

- We will generally be doing discussions and problem sets in class (during which your participation will be noted) –so it may be helpful if you have actually read what we are discussing.
- If you don't understand something, ask (more than a couple hours ahead of due date/exam please).
- DO NOT Procrastinate.
- DO NOT Plagiarize.
