Recommended Citation

This Syllabus is brought to you for free and open access by the NJIT Syllabi at Digital Commons @ NJIT. It has been accepted for inclusion in Chemistry, Environmental and Forensic Science Syllabi by an authorized administrator of Digital Commons @ NJIT. For more information, please contact digitalcommons@njit.edu.
EVSC 325 Energy and Environment
Syllabus
Spring 2021

- Class Website: [https://njit.instructure.com/courses/16752](https://njit.instructure.com/courses/16752)
- Class Meeting Time (Synchronous online): 6:00 pm - 8:50 pm each Monday evening from Jan 25, 2020 to May 3, (Except for Spring Break)
- Location: Online only via Webex
- Instructor: Michael Hornsby
- E-mail: hornsby@njit.edu  Cell Phone: 609-529-6875
- Instructor profile: [https://www.linkedin.com/in/mikehornsby](https://www.linkedin.com/in/mikehornsby)
- Office Hours: Feel free to request phone or Zoom virtual office meetings

COURSE INFORMATION

I. Course Description and Objectives Summary:

The course is a study about energy production and use, and the resulting climate and other environmental impacts. The class will examine:

- International and national energy production and usage trends
- Primary forms of energy production: coal, oil, natural gas, nuclear and renewable energy (solar, offshore wind and renewable natural gas)
- Transmission, distribution, and electric utilities
- New Jersey energy programs
- Energy and climate policies
- Microgrids, energy storage and fuel cells
- Energy efficiency
- Electric vehicles
- Building electrification, including geothermal
- Transportation electrification
- Energy storage
- Microgrids
- Waste to energy
- Fuel cells
- Climate change science, policy, and carbon pricing
- Climate resilience
- Sustainability
- Redeveloping landfills and brownfields with solar power
- Perspectives from industry and environmental groups
- The future of energy

Number of Credits: 3 Credits

Prerequisites: EVSC 125. Fundamentals of Environmental Sciences and CHEM 125: General Chemistry I

Textbook: All materials will be available on the class website.

University-wide Withdrawal Dates: Withdrawal dates are posted on the NJIT academic calendar: https://www5.njit.edu/registrar/

II. Learning Outcomes: Student learners will:
- Understand baseline energy and environmental conditions
- Understand the science and physics of energy
- Understand how energy is produced and used, and its resulting environmental impacts
- Understand the need to electrify everything, and the means to produce clean energy
- Understand transportation electrification
- Understand the several forms of climate resilience
- Understand the gravity of climate change and their ability to address it
- Understand technological and policy solutions
- Understand the institutions, politics and people in the energy field
- Understand that it is possible to build a career around solving the worlds greatest problems
- Learn about the future of energy
POLICIES
All EVSC students must familiarize themselves with, and adhere to, all official university-wide student policies. EVSC takes these policies very seriously and enforces them strictly.

Grading Policy: The final score in this course will be as follows:

<table>
<thead>
<tr>
<th>Assignments</th>
<th>12%</th>
</tr>
</thead>
<tbody>
<tr>
<td>Quizzes</td>
<td>20%</td>
</tr>
<tr>
<td>Participation</td>
<td>8%</td>
</tr>
<tr>
<td>Midterm Exam</td>
<td>30%</td>
</tr>
<tr>
<td>Final Exam</td>
<td>30%</td>
</tr>
<tr>
<td>Extra Credit</td>
<td>0%</td>
</tr>
</tbody>
</table>

Participation: 0 to 8 points will be awarded by instructor, based on:

- The quality and quantity of your engagement in live class discussions
- The quality and quantity of your engagement in online discussions
- Your attendance

The final course grade will be determined as follows:

<table>
<thead>
<tr>
<th>Final Grade</th>
<th>Overall Academic Performance (100%)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Above 90</td>
</tr>
<tr>
<td>B+</td>
<td>85-89</td>
</tr>
<tr>
<td>B</td>
<td>80-84</td>
</tr>
<tr>
<td>C+</td>
<td>75-79</td>
</tr>
<tr>
<td>C</td>
<td>70-74</td>
</tr>
<tr>
<td>D</td>
<td>60-69</td>
</tr>
<tr>
<td>F</td>
<td>Below 60</td>
</tr>
</tbody>
</table>

Attendance Policy: Attendance at classes will be recorded and is mandatory.

Homework Assignments Policy: Homework is an expectation of the course. The homework assignments set by the instructor are used in class discussions which comprise in part the determination of the score for “participation”. Late assignments are automatically subjected to a 5% per day late penalty.
Exams: There will be two quizzes, a midterm exam and one final exam. Refer to the class website for exam dates and times.

Makeup Exam Policy: There will normally be NO MAKE-UP QUIZZES OR EXAMS during the semester. In the event that a student has a legitimate reason for missing a quiz or exam, the student should contact the Dean of Students office and present written verifiable proof of the reason for missing the exam, e.g., a doctor's note, police report, court notice, etc. clearly stating the date AND time of the mitigating problem. The student must also notify the CES Department Office/Instructor that the exam will be missed. If a make up is allowed, it will be more substantially difficult than the original quiz or exam, and a 15% late penalty will be applied.

Cellular Phones: All cellular phones must be silenced switched off during class times.
Schedule

- See the Pages section within each weekly online Module for details including: Introduction, Agenda, Learning Objectives, Assignments and Files/References
- Leading experts in every aspect of Energy and Environment will provide guest lectures.

ADDITIONAL RESOURCES

Accommodation of Disabilities: Office of Accessibility Resources and Services (formerly known as Disability Support Services) offers long term and temporary accommodations for undergraduate, graduate and visiting students at NJIT.

If you are in need of accommodations due to a disability please contact Chantonette Lyles, Associate Director at the Office of Accessibility Resources and Services at 973-596-5417 or via email at lyles@njit.edu. The office is located in Fenster Hall Room 260. A Letter of Accommodation Eligibility from the Office of Accessibility Resources Services office authorizing your accommodations will be required.
For further information regarding self-identification, the submission of medical documentation and additional support services provided please visit the Accessibility Resources and Services (OARS) website at: 
http://www5.njit.edu/studentsuccess/disability-support-services/

Statement on Academic Integrity

“Academic Integrity is the cornerstone of higher education and is central to the ideals of this course and the university. Cheating is strictly prohibited and devalues the degree that you are working on. As a member of the NJIT community, it is your responsibility to protect your educational investment by knowing and following the academic code of integrity policy that is found at:  http://www5.njit.edu/policies/sites/policies/files/academic-integrity-code.pdf.

Please note that it is my professional obligation and responsibility to report any academic misconduct to the Dean of Students Office. Any student found in violation of the code by cheating, plagiarizing or using any online software inappropriately will result in disciplinary action. This may include a failing grade of F, and/or suspension or dismissal from the university. If you have any questions about the code of Academic Integrity, please contact the Dean of Students Office at dos@njit.edu”
