PRE-REQUISITES AND CO-REQUISITES:

- **Pre-requisites: Phys 102 with grade C or better**
- **Co-requisites: Phys 103A (the lab course) unless previously taken**

FAILURE TO MEET EITHER CO-Requisites or PRE-Requisites will result in student being dropped from class.

COURSE MATERIAL:

- **Textbook:** “Physics: Principles with Application, Seventh Edition by Douglas C. Giancoli, Prentice Hall, ISBN – 13: 978-0-321-62592-2
- **Mastering Physics Homework System:** Be sure that your textbook is sold bundled with a Mastering Physics student access code card. Each student must enroll in the course specified by his/her instructor. Homework assignments will be posted on-line. Students login, download and solve the assigned problems, and submit answers to the automated grading system.

NOTE: THE LABORATORY COURSE, PHYS 103A, MUST BE TAKEN CONCURRENTLY WITH PHYS 103 THE STUDENT MUST REGISTER FOR BOTH THE LEC/REC AND THE LAB COURSE. WITHDRAWAL FROM EITHER COURSE WILL CAUSE A SIMULTANEOUS WITHDRAWAL FROM BOTH COURSES.

CLASS ATTENDANCE: The NJIT attendance policy is the following: “It is expected that students will attend all classes. Your teacher will take attendance at all classes and exams. More than 3 unexcused absences (in total) are excessive

COUNSELING AND ACADEMIC SUPPORT: The Center for Counseling and Psychological Services is committed to assisting students experiencing high levels of personal challenge and stress. If you need accommodations due to a disability please contact Associate Director of Disability Support Services.

HELP: Visit or email your instructors if you are having trouble with the course; do not simply hope for a miracle and fall further behind. The Physics Dept. office on the 4th floor of Tiernan has specific information on tutoring. Physics tutoring is available through the CAPE organization, and possibly elsewhere.

GRADING: Final letter grades will be based on a **term average** for the semester's work that includes the three common exam scores, the final exam, the homework score, and in-class quiz score.

COMMON EXAMS Three common exams will be given during the semester. The schedule is:

- **Common Exam 1:** Wednesday, February 16 4:15 – 5:45 PM
- **Common Exam 2:** Wednesday, March 23 4:15 – 5:45 PM
- **Common Exam 3:** Wednesday, April 27 4:15 – 5:45 PM

HOMEWORK Homework assignments will be posted on-line using the Mastering Physics Homework System. Please register for your section using. login: www.masteringphysics.com.

Course code to register to homework class: lamichhane64252

LECTURE QUIZZES In-class quizzes covering the preceding or current work will be given during lectures and/or recitations at Canvas (<https://canvas.njit.edu>). Use your NJIT UCID and password to login. The Lecture Quizzes scores count toward your final course grade. **There are no make-ups for in class activities.** Students missing a lecture quiz will receive a grade of zero for that item.

FINAL EXAM **Comprehensive Final Exam will be given** during Final Exam Period.

Here are the approximate weights to be used for calculating term averages:

- **48%** for all three common exams (16% each)
- **32%** for the final exam
- **10%** for the total of homework work
- **10%** for the in-class participation (canvas quizzes)

The cutoff percentages for various letter grades will be:

Percentage	Letter Grade
≥ 85%	A
≥75 %	B+
≥65 %	B
≥56 %	C+
≥50 %	C
≥45 %	D
< 45	F

Final grades are not negotiable: A score of 84.99% is a B+, not an A.

COURSE POLICIES

In order to insure consistency and fairness in application of the NJIT policy on withdrawals, student requests for withdrawals after the deadline (*end of the 10th week of classes*) will not be permitted unless extenuating circumstances are documented **through the Office of the Dean of Students**. The course instructor and the Dean of Students are the principal points of contact for students considering withdrawing from a course. When a student invokes extenuating circumstances for any reason (late withdrawal from a course, request for a make-up exam, request for an Incomplete grade) the student will be sent to the Dean of Students Office. The Dean of Students will be making the determination of whether extenuating circumstances exist or not

and will be notifying the instructor accordingly. Instructors should never request or accept medical or other documents from students; such documents need to be submitted by the student to the Dean of Students.

HONOR CODE

“Academic Integrity is the cornerstone of higher education and is central to the ideals of this course and the university. Cheating is strictly prohibited and devalues the degree that you are working on. As a member of the NJIT community, it is your responsibility to protect your educational investment by knowing and following the academic code of integrity policy that is found at: <http://www5.njit.edu/policies/sites/policies/files/academic-integrity-code.pdf>.

Any student found in violation of the code by cheating, plagiarizing or using any online software inappropriately will result in disciplinary action. This may include a failing grade of F, and/or suspension or dismissal from the university. If you have any questions about the code of Academic Integrity, please contact the Dean of Students Office at dos@njit.edu”
